Fostering Connections and Teamwork Through Fun

Often referred to as giant Tinkertoys®, **Toobeez** is a life-sized construction building system comprised of interlocking tubes and spheres that can be linked together to create anything imaginable, from a simple cube shape to a complex structure like an airplane or submarine. The name describes how the product works, tubes that are easy to use for work or play.

Toobeez customers send us many stories and photos. **Why?**
Because they love our products!

The Toobeez Project Connect solution provides group facilitators with a unique means of teaching academics, teambuilding, social skills, problem solving and more!

The **Scholastic Series** offers activity workbooks for Math, Science, Language Arts and Physical Education. Products in the **Team Series** include a Teambuilding activity workbook, and a Multimedia Training CD. The **Therapy Series** contains workbooks for Occupational Therapy and activities for seniors. Project Connect even offers free sample activities at www.project-connect.net. Whether in a classroom, corporation, camp or health setting, Project Connect aims to provide every participant with a positive, healthy and fun learning experience.

Activity workbooks are written by professionals for professionals.

Use indoors or out.

Each activity:

- Is developed to fit a certain need or goal.
- Contains objectives, facilitator preparation notes, character education focus, activity plans, detailed instructions, helpful hints and after activity discussion/processing.
- Develops critical thinking skills.
- Enhances the creative thought process.
- Develops various motor skills.
- Is a 100% open ended solution. Which means you can do almost whatever you want with Toobeez.
- Builds better teams/group cooperation.

Toobeez are easy to use. Simply insert either end of the tube (the "key") into one of the sphere's ten unique keyholes. Using the tube's rotating end, twist the key 90° to lock the tube into place.

"One of my passions is gaining a better understanding on how the brain learns, and your activity books included up to date brain strategies. The books were very teacher-friendly and I was able to instantly incorporate the activities into my presentations and lessons. I have contacted 3 other principals and 18 other teachers in my school system about Toobeez."

Trust

"When we first saw this engaging product we were intrigued by its potential as a teambuilding training aid. Toobeez clearly meets the tough guidelines imposed by trainers and facilitators of experiential learning. We were amazed by its solid construction and simplicity. We plan on using Toobeez for many years to come."

Local Events

"We use Toobeez to teach and reinforce teamwork, business process flow, communication, strategic planning, interdependency, and collaboration. The activity materials clearly explain the many team building activities. We often take the suggested exercises and tailor them to meet the specific objectives of a particular session. Toobeez are a great value."

Project Completed!

"The kids 'AIE IT UP', as the saying goes! Our kids are a mixed population from 12-17 year olds who are severely emotionally challenged, and their diagnoses can be greatly varied. Our goal is to make school here as positive and successful an experience that we possibly can. We split the kids into two groups. I stood a large mat on its side, so that they couldn't see each other's ideas. I simply asked them to 'build a house'. They INSTANTLY kicked into cooperation mode. They were communicating, sharing ideas - you could almost hear their minds working. I was flabbergasted!"
